Welcome to the 2009 Townsville Football Season

Welcome to the beginning of the 2009 season, week two of the President's Cup. Considering the amount of rain throughout January and February, we are very fortunate to be kicking off the season today only one week late. We acknowledge that many were disappointed when last weeks fixtures were cancelled, but player safety comes first and foremost. When the fields were inspected on Friday morning, they were deemed unsafe and this led to the cancellation of fixtures. Work commenced on the fields immediately to rectify the problems and we are happy with the result.

Whilst we have made every endeavour to prepare fields, a lot of work is still to be done on the remainder of the park. It would be appreciated if parents would encourage children to stay off the mounds around Field 4. These will be removed as weather and time permits. Thank you for your patience and understanding.

As expected, with the success of the NQ Razorbacks last season and the advent of the NQ Fury for the 2009/2010 A-League, junior football numbers look likely to exceed previous years. This year a new format has been introduced for game times, with most age groups playing at regular times each week. President's Cup will give us a chance to get over any hurdles and we look forward to an exciting and busy regular season.
